

### 10 Top FAQs for Squadrons:

- 1- Can a squadron adopt more than one classroom?
  - Yes, but only if the squadron has enough dedicated adult and cadet members to fulfill the requirements of the program. DO NOT over-extend or over-obligate the squadron by adopting any classroom that cannot be fully supported.
- 2- What if the teacher is a member of the squadron? Can he/she still be an adopted classroom?
  - Absolutely! Any squadron member of CAP who is an educator has the same benefits as an AEM. It is important that others from the squadron do come into that teacher's classroom (virtually or in-person) to conduct the lessons, though.
- 3- If an AFA chapter cannot be located, can the squadron sponsor the teacher's students' ACE shirts?
  - Yes, if there are funds available to do so. The ACE shirt order form is found [HERE](#).
- 4- Can cadets teach all the lessons?
  - Yes, if there is an adult to supervise. Cadets can really relate well to the students so having cadets fully involved is very important!
- 5- Can the students have their photos taken to share what is being done on Social Media and with CAPNHQ/AE?
  - Ask the teacher, as each student should have a 'media permission form' on file at the school.
- 6- Can the students be invited to join our squadron?
  - Yes, it is encouraged that information is shared about the CAP Cadet Program and an informational session is provided for interested students and their parents, as is appropriate.
- 7- How long does the program last?
  - The 2020-2021 program will begin second semester and end at the end of the academic school year and a new program will start the following school year.
- 8- Where do we get the end of program evaluation form?
  - CAP will provide the evaluation form to all registered squadron PoCs for final evaluation of the program (by both the squadron PoC and the teacher).
- 9- What kind of end-of-program certificate can we provide?
  - Upon completion of the program, the teacher will submit the ACE end-of-program online evaluation and ACE certificates will be mailed to the teacher. The squadron PoC and teacher should plan a time to make the ACE certificate presentation (with photos). Do include the AFA chapter with which the team is working, if applicable.
- 10- What if we just cannot seem to understand how to get started?
  - PLEASE contact [adopt@capnhq.gov](mailto:adopt@capnhq.gov) for ANY assistance at all!
