

# WINGMAN

Just like Air Force airmen, cadets stick with their wingman.

If you or your wingman needs help, tell any trusted adult.

Some things to watch out for include you or your wingman being...

- Asked uncomfortable, personal questions
- Singled out for special attention or favoritism
- Given gifts from a senior member
- Invited to meet a senior member outside normal CAP events
- Asked to lie or knowingly disobey CAP regulations
- Sent private messages from a senior member
- Bullied or bullying someone
- Uncomfortable with an adult's actions
- Subjected to unwelcome behavior including touching, harassment or discrimination
- Acting unusual or out of character
