Ensuring our cadets have a  
safe & nurturing  
environment.

How do we do that?

# Cadet Protection Program Updates: A Roadmap to Change

1

## Roles & Responsibilities

Clarifies roles & responsibilities section to include Youth Protection Manager, wing commanders, region commanders, and wing legal officers.

2

## Definitions

Updates our shared definition(s) of the following terms:

- reporter (and mandated reporter)
- activity

3

## Guests & Escorts

Requires local leaders to ensure guests are escorted by a CPP-trained adult leader throughout their visit to cadet activities. Waives the "guest escort" rule during CAP events explicitly geared toward the public.

4

## Cadet Medications

At overnight activities, requires cadet medications (except epi-pens and rescue inhalers) to be stored in a locked container controlled by an adult leader. Requires cadets to self-administer their medications in the presence of an adult leader.

5

## CPPT 12-Month Renewal

Changes the CPPT renewal cycle from 48 months to 12 months.

- Content will be updated annually with current trends, case studies, and information.

6

## Reporting & Responding

Announces a new resource, the Youth Protection Manager, clarifies the role of Legal Officers in helping the commanders triage reports of CPP violations. Clarifies the process for reporting misconduct at multi-wing activities

7

## Cadet "Fire Watch" & Overnight Security

Extends to all overnight cadet activities the prohibition of using cadets for "fire watch" or "CQ" or "security" after lights out (waivers available).
