## 400+ Private Pilots

Congratulations to Cadet Lt. Col. Eleanore Katz of the Washington Wing's Seattle Composite Squadron, who became the 400th cadet to earn their private pilot certificate in our **Cadet Wings** program. The United States Air Force and the James C. Ray Flight Scholarships provide funding for the program to increase the nation's pilot population.

## 400+ Private Pilots

Cadet Lt. Col. Ethan Preyss, who graduated from Civil Air Patrol's **Cadet Wings program**, was the first participant to earn his private pilot certificate **under the tutelage of two other Cadet Wings grads** — Capts. Jennifer Torres and Ian Gonzalez-Munoz, CAP instructor pilots. All three are members of the Indiana Wing's Weir Cook Cadet Squadron.

The United States Air Force and the James C. Ray Flight Scholarships provide funding for the program to increase the nation's pilot population. Preyss received a Ray Foundation flight scholarship, and his father, Capt. Michael Preyss, served as his Ray navigator.

# Scholarships

**2025 Cadet Scholarships = \$139,201**

This year, Civil Air Patrol awarded 88 scholarships worth more than \$139,000 to cadets in 31 wings in all eight Civil Air Patrol regions, along with two cadets in overseas squadrons in Germany.

The cadet scholarships are used for academic purposes, flight training, leadership, and National Cadet Special Activities.

They're made possible thanks to our generous donors who support the next generation of CAP leaders.

## Aerospace Connections in Education (ACE)

## Congratulations to Our Aerospace Education Directorate Friends!

The 2024-2025 academic year was another record-setting time for **Civil Air Patrol's Aerospace Connections in Education (ACE) Program**. This aerospace-themed STEM (science, technology, engineering, and math) initiative for kindergarten through sixth grades engaged 117,475 students in 645 schools throughout the nation.

ACE offers grade-specific, sequential resources designed to spark early interest in aerospace, aviation, and STEM disciplines and careers. In addition, our **ACE Plus program** is a squadron classroom adoption initiative that connects CAP squadrons with fifth- through eighth-grade classrooms.

### 3.3. CADET PROTECTION ADVANCED COURSE

This course prepares commanders and key staff members to take a leadership role in the screening process of potential members and informs them how to resolve CPP matters. Completion of the basic course is a prerequisite to enrolling in this advanced course. Members obligated to complete this course must refresh their training every 48 months. It is available only online at [GoCivilAirPatrol.com/CPPT](http://GoCivilAirPatrol.com/CPPT).

**3.3.1. Required Participants.** Members must complete the *Cadet Protection Advanced Course* before being assigned to the following positions: commander, deputy commander, vice commander (group or higher), chief of staff (wing or higher), director of cadet programs (group or higher), and inspector general. Further, encampment commanders, commandants of cadets, and NCSA directors and deputies are also required to complete the course.

**3.3.2. Non-Compliance.** Members whose training expires are automatically prohibited from accessing eServices until they renew their graduation credential.

It is my pleasure to report that as of this moment all 10 cadet attendees of the 2025 Robert Ayres National Flight Academy have successfully passed the FAA Private Pilot written exam. Thank you to our staff, especially our instructors who dedicated their time and energy to the cadets success. 🙌

MEMORANDUM FOR REGION AND WING COMMANDERS, ACTIVITY DIRECTORS, AND CHIEF OFFICERS

FROM: CAP/CC

SUBJECT: Hot Weather Uniform Guidance

1. Civil Air Patrol conducts numerous activities, encampments, and missions year-round. Many of these events take place outdoors or in non-climate-controlled environments. High heat and humidity during these events can pose increased safety risks.
2. To mitigate heat-related risks, a Hot Weather Uniform is authorized, effective immediately. This policy applies to all activities except flight academies, which may implement the uniform beginning in 2026.
3. Adult Members are authorized to wear:
  - Gray shorts (cargo shorts permitted; color should closely match the corporate working uniform)
  - CAP corporate polo shirt
  - Black socks (no restrictions on length or type)
  - Black, closed-toe, athletic-style shoes (no specific style required)
4. Cadet Members are authorized to wear:
  - Black athletic/sports shorts
  - Uniform t-shirt or activity-specific t-shirt
  - Black socks (no restrictions on length or type)
  - Closed-toe athletic shoes (any color)
5. For questions or further clarification, please contact Membership at [membershipservices@capnhq.gov](mailto:membershipservices@capnhq.gov).
