Tour of the Cadet Curriculum

TRAINING LEADERS *of* CADETS INTERMEDIATE COURSE

## THE COMPETITION

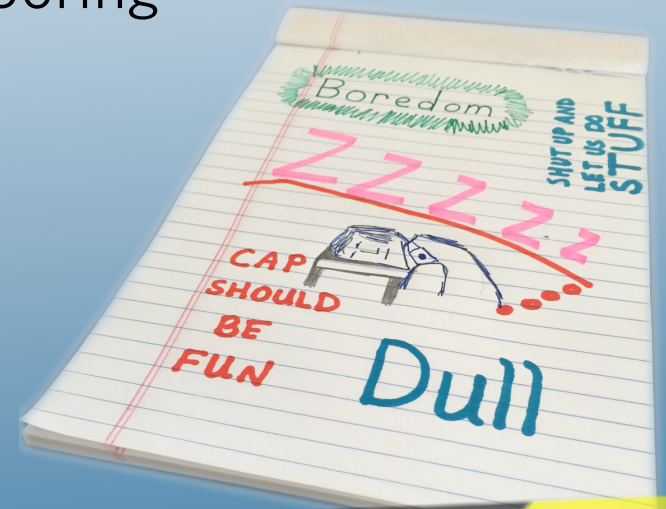

What TV show  
do you have to miss  
on your meeting night?

SAMSUNG

## ASSUMPTIONS

Squadron meetings have to be fun.

Thankfully, there's no reason for boring squadron meetings.

**"Boring" meetings are among the top 3 reasons cadets leave CAP.**

## KEY QUESTIONS

What curricular resources are available in each of the program elements?

What are some of the guidelines leaders should know to implement them effectively?

### Topics

Walk & Write

Curriculum Map

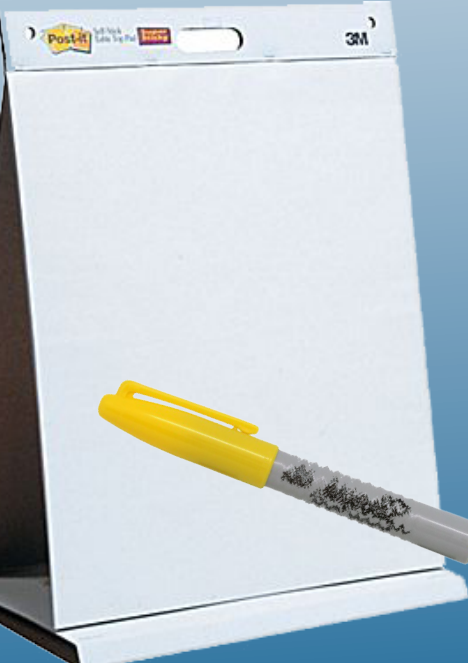

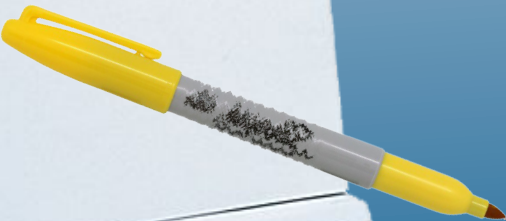

Q&A

Best Practices

## ACTIVITY

1. Start at Leadership, Aerospace, Fitness, or Character
2. As a group or individually, list up to 3 resources (textbook, activity, program, standard practice, etc.) that serve that program element.
3. After cycling-through all 4 program elements, re-cycle through them again to read what your peers wrote.

*Don't sweat over  
how you classify  
a resource*

## IDEA SHARING

Do you want to do a quick “commercial” for your favorite resource?

Is there a resource you want to know more about?

## CURRICULUM MAPS

Did we miss any resources during the walk-and-write?

### AEROSPACE

**Goal.** The goals of the Cadet Program's aerospace element are to inspire in youth a love of aviation, space and technology; provide them with a foundation in aerospace's scientific principles; and introduce them to aerospace career opportunities. Cadet "aerospace" includes the separate domains of aviation, space, and cyberspace.

**Version:** July 2016

## TAKE-HOME CHALLENGES

Take a close look at one or two resources you're unfamiliar with.

Sometime during the next quarter, make use of a new resource.
