Connect with a local school and invite an educator to join CAP as an Aerospace Education Member (AEM) with the free AFA Chapter membership sponsorship; then, introduce the ACE program.

Or, find an ACE school on the list of participating schools [HERE](#) to get started. Contact [afa@capnhq.gov](mailto:afa@capnhq.gov) to get educator contact info.

Offer to teach one or more of the ACE lessons to the students.

Offer to coordinate a field trip to the closest airport or aviation museum or other interesting local aviation venue.

Offer to coordinate a Teacher Orientation Program (Top) flight for the teacher. Then, have someone stay at the school with the students while the teacher ‘live streams’ the flight experience back to the classroom.

Offer the chapter’s sponsorship of ACE shirts for the class. Info found [HERE](#).

Offer to present the end-of-year AFA-sponsored ACE certificates to the students.
Great AFA public awareness program in the community, especially if ACE shirts, with the AFA logo, are sponsored.

- Exciting opportunity to involve local educators in aviation-related programs, such as field trips to the airport, to aviation museums, or in CAP’s Teacher Orientation Program (TOP) flights.

- Get youngsters interested in aviation at an early age to begin preparing them for middle and high school aviation career pathway programs, such as CAP and/or AFJROTC, as well as school aviation programs...one of the AFA’s initial efforts to help build the future aviation workforce.

Contact afa@capnhq.gov for any assistance/support.
