CADET ACHIEVEMENT CURRICULUM

INTRODUCTION

In Absorb, all items necessary for a cadet to work on their current achievement are housed in that Achievements' Curriculum. The example for Achievement 3 is seen below.

INSIDE AN ACHIEVEMENT

Within the achievement there are four key areas that cadets will want to familiarize themselves with in the achievement. The Course Content tab will provide information and details on all requirements activities, and pre-requisites for advancement.

ACHIEVEMENT 3

Congratulations on completing Achievement 2! Check out the Cadet Achievement card on this page (also in your Cadet Personal Tracker) to see what is needed for this next promotion.

OUT OF ORDER AEROSPACE MODULES

OVERVIEW

With the launch of Absorb, Aerospace Education Modules now need to be completed in numerical order. This ensures clarity and consistency for cadets, establishing a shared foundation in basic aerospace principles.

For most cadets, this means one less decision to worry about when pursuing Achievements. But if you've completed some modules out of order, here's what you will need to do.

Every Achievement requires an aerospace module that has not previously been completed. Your Achievement in Absorb might prompt you to complete Aerospace Module 02, for example. However, if you've already finished Aerospace Dimensions Module 02 for an earlier achievement, you will see it listed here as "completed." You may still need to complete a new-to-you aerospace for your promotion requirement even though Absorb says you are complete.

	Aerospace for Achievement 3 - Complete at least 1, or 2 to receive Honor Credit You must complete 1 of the following course(s).	1 of 1 Course(s)	
	Aerospace Dimensions Interactive Module 02	Online Course	Completed 
	Aerospace Dimensions Test Module 02	Online Course	Enroll 

HOW TO CHECK YOUR PROMOTION REQUIREMENTS

Cadets can check their [Cadet Promotions Track Report](#) in eServices > Cadet Programs to see which aerospace modules they have already completed for each Achievement and if they need credit for their current Achievement.

HOW TO FIND A NEW-TO-YOU AEROSPACE MODULE

You'll just need to head to the Optional Honor Credit section of the achievement and choose one of the available modules there. The system will show 0 of these courses are required, but because your modules are out of order, you do need to complete one of the module(s) listed on this screen to get back on track.

	Optional Aerospace Honor Credit for Past Achievements You must complete 0 of the following course(s).	0 of 0 Course(s)	
	Aerospace Dimensions Interactive Module 01	Online Course	Enroll 
	Aerospace Dimensions Test Module 01	Online Course	Enroll
