

Adopt Instructional Materials:

All ACE curriculum guides are found in [eServices in the AE Downloads/Resources section under Aerospace Education](#).

- 6th grade classrooms (and 7th or 8th grade classrooms) will use the 6th grade ACE curriculum guide.
- If a 5th grade classroom is adopted, the 5th grade ACE curriculum guide will be used.

***All squadrons will teach a minimum of three lessons as provided by CAPNHQ/AE [HERE](#).**

- The squadron and the teacher may also desire additional lessons or experiences be presented.

Materials to be sent to squadrons for their classroom instruction:

1. For grades 6, 7, and/or 8:
 - a. A class set of *rocket footballs* that align with two 6th grade lessons as noted on page 7.
 - b. Some *Bernoulli bags* that align with associated 6th grade lesson on page 7.

2. If a 5th grade classroom is adopted, a class set of *Balsa Power Planes*, which will correspond to the 5th grade balsa plane lessons on page 7.

3. For all grade levels, a class set of blue AeroProps and CAP paper airplanes, both with corresponding lessons found on page 7.
