## CLINICAL PASTORAL EDUCATION (CPE) PROGRAM

Chaplains must complete four units of CPE for nationally recognized board certification. Although board certification is not required for CAP chaplains, it is highly encouraged for professional development and excellence in pastoral care. The CAPCCC partners with the [Institute for Clinical Pastoral Training \(ICPT\)](#) to support Clinical Pastoral Education (CPE) training opportunities for CAP Chaplains. [ICPT](#) endeavors to maintain and demonstrate the highest level of effective professional formation in various ministry environments and offers CPE to individuals with differing religious beliefs and traditions. The [ICPT](#) instructor for the CAP CPE program, Chaplain Chad Maxey, is waiving personal compensation to provide a deep discount for the next unit of CPE. ICPT is fully vetted by all the endorsing agencies, including the Veterans Administration.

Students have online contact one evening every other week for six months during the CPE unit training period. This slow pace allows everyone flexibility. You can use CAP activities as part of your program's clinical experience. There is no need to affiliate with a medical facility. This is the least stressful CPE program known.

For registration and questions, please get in touch with Chaplain Chad Maxey at [CMaxey@icpt.edu](mailto:CMaxey@icpt.edu) for future program information.
