# Year 2020 Goals & Objectives

## **Priority 1: Be a vigorous part of the Total Force – enhance the relationship with our USAF and contribute to their mission accomplishment as a cost effective force multiplier.**

As a valued partner in the Total Force, our efforts should complement the Air Force's non-combat missions and programs, both existing and envisioned. As a member of the Total Force, it's our duty to recognize opportunities to present cost effective alternatives that fulfill Air Force needs.

### **Goal 1.1: Increase opportunities to partner with the Air Force**

Objective 1.1.1: Semiannually, discuss with Air Staff on possible missions CAP can perform to help increase Airmen readiness and Quality of Life

Objective 1.1.2: Annually, or following the transition of a new Chief of the National Guard Bureau or Director of the Air National Guard, provide a capabilities briefing to highlight opportunities to partner with CAP

Objective 1.1.3: Annually, produce one article for each of the three recruiting services' periodicals

Objective 1.1.4: Annually, or following the transition of a new State Adjutant General, provide a capabilities briefing to highlight opportunities to partner with CAP

Objective 1.1.5: Annually, extend invitations to military installation leadership within the state (active, Guard and Reserve) to observe CAP activities, especially those held on installations

### **Goal 1.2: Present cost effective alternatives to fulfill Air Force and other federal agencies' needs**

Objective 1.2.13: Implement phase 3 of the operational mini-UAV program, establishing program to support the remaining wings across the country utilizing key regional personnel trained in phase 2

Objective 1.2.16: Future-proof the NRAT automated tools. The next several years will be very development intensive for the NRAT. Most of this development will be modular, and though tools will have to be well documented as they are developed, it will be critical that the team take the time to analyze the plans and programs developed, adjusting the architecture and maintenance to developing in light of developing technologies, and most importantly consider insights available from the developing aviation ecosystem so that the team can take advantage of opportunities in technology and aviation safety.

## **Priority 2: Build Partnerships – increase our presence in national and local communities to better serve America and expand our portfolio to incorporate new missions for which we are ideally suited.**

Our strength resides in our membership and our members come from our communities. Increasing our presence locally bolsters our recruitment and private fundraising efforts. Additionally, our federal, state and local partners need to know the robust capabilities that CAP delivers and that we are a cost

effective, value added solution to their mission needs. State and local partnerships are best established at the wing and squadron level. It all starts with exploring these new partners and introducing them to America's Civil Air Patrol.

**Goal 2.1: Exploit technological advancements to enhance mission capabilities**

- Objective 2.1.1: Annually, introduce one new online tool or application for mobile and/or smart device users that improves CAP's mission execution

- Objective 2.1.3: Annually, seek inputs from CAP subject matter experts on technological advancements that will enable Emergency Services to better aid decision makers
- Objective 2.1.4: Annually, seek at least one new opportunity to leverage UAS capabilities when and where feasible, effective and efficient in conducting CAP missions
- Objective 2.1.5: Continue plans to support HF radio support of 1AF mission requirements

- Objective 2.2.2: Annually conduct at least one national level seminar that provides guidance, examples and templates for units to use in establishing state and local partnerships
- Objective 2.2.3: Annually, each wing will establish one new enduring partnership with local authorities to open the door to missions not yet envisioned
- Objective 2.2.4: Annually, each wing commander will meet with their state's Governor to inform them of CAP's contributions to the state and explore opportunities to perform new missions. Encourage the Governor to hold a state level legislative day in the capitol

**Goal 2.4: Increase community awareness of CAP AE programs through visits and presentations at local schools and organizations**

- Objective 2.4.1: Establish unit goals to identify local schools to visit and annually complete a minimum of one visit; explain AE programs and make presentations as necessary
- Objective 2.4.2: Establish unit goals to identify local civic clubs/organizations to visit and annually share information on AE and STEM with at least one organization

**Priority 3: Inspire ingenuity – increase efficiencies in time and effort to enhance the effectiveness of CAP members.**

Money and time are almost always in short supply, while effort is often great. Time is a perishable commodity that you can never get back. Every member's contribution, no matter how great or small, makes a difference and we are grateful for every member's involvement. Each member joins CAP for a difference reason and just like the diversity in our membership, so too is the diversity in the contributions each one makes, the levels they may attain in CAP and the satisfaction each receives by being a member.
