FEMA

FIELD OPERATIONS DIRECTORATE

## FEMA Corps...

- is a joint national service program between the Corporation for National & Community Service (CNCS) & FEMA
- Team-based program for 18-24 year olds\*
- Matches teams of up to 10 to disaster response, recovery, mitigation, and preparedness projects.
- Provides teams the opportunity to generally serve on 3 of projects over 10 months

Vision Statement: To build a disaster resilient America by delivering a highly talented and well trained resource to meet FEMA's current and future workforce needs.

Goals:

- To support FEMA's disaster workforce
- To develop a trained cadre of future leaders in Emergency Management
- To support the development of leaders and strengthening of communities

All members are trained in Disaster Survivor Assistance and another FQS:

- External Affairs
- Individual Assistance
- Logistics
- Planning
- Public Assistance
- Geographic Information Systems

- Conduct Assess Inform & Report (AIR) mission at disasters
- Assist Public Assistance (PA) in writing project worksheets
- Work with Individual Assistance (IA) to provide case updates in Disaster Recovery Centers (DRCs)
- Formulate Incident Action Plans, Situation Reports, Common Operating Pictures, and produce maps for planning products
- Provide support to Distribution Centers, Regional Offices, exercises, and disaster preparedness planning
- Provide support to FEMA and partners to enhance a whole community approach to resiliency

Corps members are provided:

- Room and board
- Food and travel allowance
- Training
- Health care and child care benefits
- Qualified student loan deferral
- Segal AmeriCorps Education Award

- Must be a U.S. citizen
- Must be between 18-24 years old\*
  - \*No upper age limit for Team Leaders
- Obtain clearance
- Pass drug screening test
