

On the next page, you'll find the CAP Friends Program business card, formatted for printing on Avery labels.

Those ten cards are actually ten images or photos that have been grouped together. We recommend you print one page, see how well it lines-up, and if necessary make minor adjustments to the position of that table of images on the sheet.

The cards are two-sided. You're seeing the "front" on the first page, and the "back" on the second page. On a simple inkjet printer, print one page, then turn that page over, re-insert it into your printer, and print another page. The end result will be a sheet containing 10 two-sided cards.

## CIVIL AIR PATROL FRIENDS PROGRAM

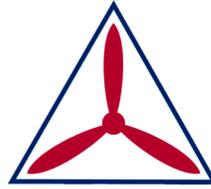

*Do you want to support CAP's missions  
but are unable to volunteer?  
Become a Friend of CAP for \$35 annually.*

Enjoy a subscription to *CAP Volunteer* magazine, discounts from corporate partners, and have no further obligation. Donations are tax-deductible as allowed by law.
