

WEBSITE IMAGE SIZE GUIDE

It's important to use the proper image sizes to keep page load times low, ensure the images are clear, and that they look great on mobile devices.

Homepage Rotator

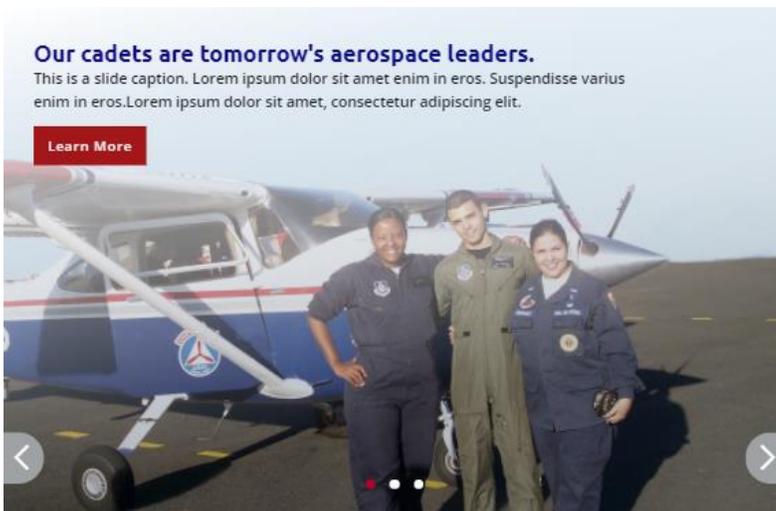

Desktop

Ideal image dimensions 1900px wide by 1005px tall (visible on devices greater than 767px wide).

Tablet

Ideal image dimensions 767px wide by 405px tall (visible on devices between 480px and 767px wide).

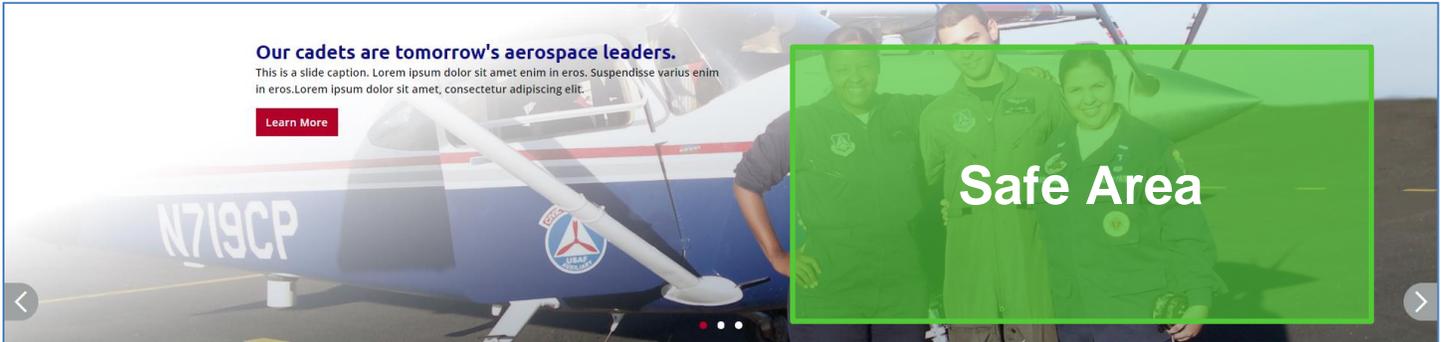

Mobile

Ideal image dimensions 479px wide by 253px tall (visible on devices less than 480px wide).

Slideshow Safe Area

NOTE: Be sure to consider the “safe area.” On desktop view, the caption box may cover portions of the top left of the image. On tablet and mobile views, the left and right will be cut off. Avoid having important details, like faces, in these areas.

Homepage Content Boxes: News Feed

Ideal image dimensions: 703px wide by 387px tall.

Desktop

Tablet

Mobile

Homepage Content Boxes

Ideal image dimensions: 372px wide by 350px tall.
