CI	03	Are all records pertaining to each authorized mission loaded into WMIRS?	See the Documentation page on the CAP National website. Compliance is determined by a review of records uploaded into WMIRS and electronic records maintained at the Wing/Region HQ. NOTE: All missions will be evaluated using sample size. When sample size exceeds 20, use trending (see in-brief sample size/trend slide). NOTE: Inspector will provide the wing/region a list of missions reviewed. Heavy emphasis needed for type M (AFRCC), 1 (1st AF), T (Training) and C (Corp) missions. NOTE: Verify locally maintained (not WMIRS) records are destroyed as required. When records are not destroyed properly, see D-4 Question 7.	(Discrepancy): [xx] (C1 Question 3) Wing/Region Mission records are not maintained IAW CAPR 60-3 para 1-21. NOTE: - A Discrepancy should only be used for a trend in mission records. - Missing a few random documents that cannot be recreated should be documented with an AoC. - Give details of the trend including types of missing documents, number of missing documents in how many folders. Specific mission numbers may be included.	All records identified as missing will be corrected or a memorandum documenting the missing records placed in the mission record. Attach copies of corrections to records to discrepancy in the Discrepancy Tracking System (DTS). Attach a plan of action, approved by Wing/Region/CC, to prevent reoccurrence.
