

MAWG SUPPLEMENT 1

CAP REGULATION 132-1

9 February 2026

APPROVED/E.MANNING/CAP/LG

Logistics & Mission Resources

CAP Vehicle Management

CAP Regulation 132-1, dated 29 May 2025, is supplemented as follows:

ADDED: Paragraph 6.1.2.a. Applicants for a new CAP driver's license will review the applicable parts of CAPR 132-1 with special emphasis on paragraph 11, *Vehicle Safety* with the Unit Transportation Officer. New applicants shall conduct familiarization with the vehicle which they intend to operate while the Unit Transportation Officer points out the safety features of the vehicle as well as safety challenges. The safety review will include filling out the CAPF 132, operation of alarms, backup cameras, and other safety features. Safety challenges shall be discussed with the applicant to include blind spots, tip-over hazard, and large vehicle maneuverability.

ADDED: Paragraph 6.1.2.b. Once the applicant has successfully completed the safety review with the Unit Transportation Officer, the Unit Transportation Officer may approve the applicant's CAP Driver's License in eServices.

CARLETON W. JONES, Col, CAP
Commander
