

Approved: 15 Oct 2021

Post-COVID-19 Remobilization of the Membership Plan

Phase III: Resuming Overnight Activities (Bivouacs, Conferences, Encampments, etc)

OKWG

Completed 11 OCT 2021

Template Updated 10 February 2021

This plan has been developed for OKLAHOMA Wing, using the template provided by the Civil Air Patrol National Headquarters to enter Phase III, Resuming Overnight Activities.

Additional staffing and resources have been coordinated with SOUTHWEST REGION, to cover gaps in this wing's available resources.

***NOTE:** Deviations from the template are authorized, but should be coordinated by contacting the COVID-19 Planning Team at COVID-19Plans@capnhq.gov.*

Plan Coordinator and Point of Contact: Major
Robert Platner

Primary Phone:

Primary Email: robert.j.platner@okwgcap.org

Narrative Summary of Coordination and Events To-Date in Oklahoma Wing:

On 31 Mar 2020, Capt Gerry Creager selected a Crisis Management Team to help guide him through this pandemic and the problems associated therewith. This team consists of the Vice-Commander, Wing Directors of Operations, Cadet Programs, Emergency Services, Safety, Health Services Officer, Wing Chaplain, CISM Team members, a group of Medical Officers and the chairman of the newly formed Virtual Wing Incident Command established to evaluate and coordinate mission requests. This team had virtual meetings regularly to evaluate and make recommendations to the Wing Commander on multiple matters including missions to accept, protection of personnel, sanitation of vehicles and aircraft, acquiring personal protective equipment, protection of assets during periods of civil unrest as well as re-mobilization plans for the wing. We have also received valuable assistance from the Wing Legal and Professional Development Officers. The state of Oklahoma was under various "stay at home orders" issued by Governor Stitt. The state has remove "stay at home order" and moved into a phase that reopened the state. The state of Oklahoma has a significant variability in population density, infection rates, testing performed, vaccination rates, ICU bed utilization, and contact tracing among its counties. The team has spent a considerable amount of time discussing and developing a plan that will allow the Wing to move from Phase II into Phase III depending on metrics from the covidactnow.org site as well as the Oklahoma Department of Public Health, county departments of public health, and reports from physicians on the front lines. We feel that this plan will allow both groups to move into Phase III with safety and provide enduring health.

We are requesting a transition into Phase III for Oklahoma beginning 25 Oct 2021. Oklahoma has a low infection rate which has remained stable and new infections has also remained stable. We will closely monitor all areas in the state for stability once we have moved into Phase III.

Phase III: Resuming Overnight Activities (Bivouacs, Conferences, Encampments, etc)

NOTE: Resuming overnight activities will not be done until Phase III, when most public health restrictions have been lifted, schools & businesses have reopened, and the forecasted risk is minimal.

3.1.

Verify current state-level guidance allowsovernight events to resume

Emory

15 Mar 21

20 Apr 21

11 Oct 21

Ongoing process as we have 16 squadrons in Oklahoma. We will continue to monitor throughout Phase III

3.2.

Consult with staff officers to prepare forovernight activities

Emory, Platner

15 Mar21

20 Apr 21

11 Oct 21

Do at least bi-monthly and on an as needed by Col Oliver and wing staff officers. Monthly Wing Commander's call with all wing and group staff officers for updates. Other communications and meetings as needed.

3.2.1.

Coordinate with Health Services

Platner,

15 Mar 21

20 Apr 21

11 Oct 21

At least bi-weekly communications between Wing Commander and Health Services Officers

3.2.1.1.

Check state and local health guidance regarding gatherings

Oliver, McCollum

15 Mar 21

20 Apr 21

11 Oct 21

Ongoing process with state guidelines and county guidelines, monitored at least weekly in all areas.

3.2.1.2.

Prepare to communicate with subordinate units on Health Services-related matters to continue selected public health measures

Platner, Emory, Herold, Welch

15 Mar 21

20 Apr 21

11 Oct 21

As needed emails to all members of wing by Health Services Officers. Specific emails to group and squadron commanders when approved to enter Phase III and as needed. Draft letters to

members, parents of cadets, and commanders attached below.

3.2.2.

Consult with Legal Officer about resuming overnight activities

Oliver

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished and will continue at least weekly as local regulations change at different times in Oklahoma.

3.2.3.

Coordinate with Director of Safety

Emory, Welch

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished and will continue as pandemic evolves and as groups are allowed to progress to Phase III. We will send draft letters to squadron members and parents of cadets appended below.

3.2.3.1.

Verify proper planning and mitigation tools are available to staff and units

Herold, Platner, Emory

15 Mar 21

20 Apr 21

11 Oct 21

See 3.2.3 above. Wing has procured and distributed no-touch infrared thermometers to each meeting location. Directors will use the COVID-19 RM checklists as events are planned and occur. Letter

from Wing CC to Group and Squadron CC

regarding activities allowed and safety measures attached below. Health questionnaire for use by squadrons prior to member admittance to activity attached below.

3.2.3.2.

Prepare to communicate with subordinate units on Safety-related matters

Emory

15 Mar 21

20 Apr 21

11 Oct 21

Weekly emails from Health Services Officers to wingmembers and as listed above (3.2.3.1)

3.2.4.

Coordinate with Director of Cadet Programs

Welch

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished

3.2.4.1.

Prepare recommendations for units regarding overnight activities

Oliver, Welch

15 Mar 21

20 Apr 21

11 Oct 21

See letters to Squadron Commanders from Wing Commander, draft letters to members and parents of cadets attached below.

3.2.4.2.

Prepare bullets for units to incorporate when sending messages to parents about the resumption of overnight activities

Welch

15 Mar 21

20 Apr 21

11 Oct 21

Ibid.

3.3.

Query commanders of subordinate units to verify that local governments do not have more restrictive social-distancing guidelines than those at the state level

Welch, Herold, Harig

15 Mar 21

20 Apr 21

11 Oct 21

Ongoing process with guidance to Squadron CC and members and parents of cadets in draft letters attached below. Group Commanders to monitor local county health department restrictions and guidelines at least weekly and post to wing used and widely available excel spreadsheets used to determine activities allowed. Communication with Group CC during Wing CC Conference call and more often as

necessary by either wing staff or individual Group CC.

Phase III: Resuming Overnight Activities (Bivouacs, Conferences, Encampments, etc; continued)

3.4.

Email the CAP COVID-19 Planning Team at COVID-19Plans@capnhq.gov , and copy the Region Commander for permission to reinstate overnight activities

Platner

15 Mar 21

20 APR 21

11 Oct 21

First Submitted 20 Apr 21

3.4.1.

Describe previous coordination accomplished

15 Mar21

20 Apr 21

11 Oct 21

Crisis Management Team meetings, consolidating and prioritizing training lists, procuring PPE and no-touch thermometers. Wing Commander Town Halls, Wing Commander's meeting with Group Commander's and Wing staff, Group Commander's calls with Squadron Commanders.

3.4.2.

Verify no jurisdictional restrictions are in place from State or Local Governments

Harig, McCollum

15 Mar21

20 Apr 21

11 Oct 21

Will be monitored for all counties with CAP units and in accordance with the state reg.

3.4.3.

Set date to resume overnight activities, this is the start of Phase III

15 Mar 21

27 Mar 21

11 Oct 21

25 Oct 21, contingent upon NHQ approval

3.4.4.

Receive approval from the CAP COVID-19 Planning Team to resume overnight activities. Plan for one-week lead time.

Oliver, Platner

15 Mar 21

27 Mar 21

11 Oct 21

Contingent upon NHQ approval

3.5.

Publish the date that Phase III will begin to subordinate units

Oliver, McCollum

15 Mar 21

27 Mar 21

11 Oct 21

Contingent upon NHQ approval

3.6.

Task Wing Director of Safety to communicate the following to subordinate units:

Emory

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished

3.6.1.

Units may use steady-state RM forms to mitigate local risks

Emory, Herold

15 Mar 21

20 Apr 21

11 Oct 21

Activity directors will use the COVID-19 RM checklists as activities are planned and occur.

3.6.2.

Units continue to consider face coverings, hand sanitizer, and an emphasis on hygiene during meetings and activities

Emory, Platner

15 Mar 21

20 Apr 21

11 Oct 21

See letters from Squadron CC to members and to parents of cadets attached below. Weekly emails from Health Services officers to all wing members.

Letter from Wing Commander to Group and Squadron CC attached below.

3.7.

Task Wing Health Service Officer to communicate the following to subordinate units:

Platner

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished

3.7.1.

Health Services will continue to consider screening with no-touch thermometers prior to entry to the meeting or will require members to take their temperature at home prior to attending the activity

Emory, Platner

15 Mar 21

20 Apr 21

11 Oct 21

Wing has procured and distributed no-touch infrared thermometers to each meeting site. See also letters from Squadron commanders to members and parents of cadets attached below. See also letter

from Wing CC to Group and Squadron CC attached below.

3.7.2.

Health Services will educate members on the importance of monitoring their health and avoiding participation in activities if sick

Platner

15 Mar 21

20 Apr 21

11 Oct 21

Weekly emails to entire wing from Health Service Officer on pandemic. See above 3.7.1. as well.

Phase III: Resuming Overnight Activities (Bivouacs, Conferences, Encampments, etc; continued

3.7.3.

Health Services will continue to educate members on public health practices such as emphasizing hygiene, having face coverings, social distancing for those at high-risk, and common surface cleaning

Emory, Platner, Herold

15 Mar. 21

20 Apr 21

11 Oct 21

Ibid 3.7.1. and 3.7.2.

3.8.

Task Wing Director of Cadet Programs to communicate the following to subordinate units:

Welch

15 Mar 21

20 Apr 21

11 Oct 21

Accomplished

3.8.1.

Units plan to resume formations, drill, and other close-distance activities as appropriate

Welch

15 Mar 21

20 Apr 21

11 Oct 21

See letters from Squadron Commanders to members and parents of cadets attached below

3.8.2.

Units draft a local message to parents to inform them about what CAP is doing to keep Cadets safe while they participate in the resumption of all manner of activities in Phase III (As we continue to ease restrictions in Phase III and resume more routine activities post-COVID-

19 operations)

Welch and all squadron commander

Squadron Commander Draft of letter from Squadron Commander to Squadron members **EXAMPLE**

MEMORANDUM FOR All Unit
Members FROM: XXXXXXXXXX

SUBJECT: Return to Full Activity and Overnight Activities – Phase III

- As the state of Oklahoma attempts to return to a new normal following the COVID-19 epidemic, we, Civil Air Patrol, will continue to ease restrictions in Phase III and resume routine activities, however, please be remind that we are still in the pandemic. In an effort to allow our members to return to activities and overnight events, the following procedures will be implemented as we follow all guidelines from the White House COVID-19 Task Force, the Centers for Disease Control and Prevention, and Civil Air Patrol National Headquarters. As additional information is issued from higher headquarters, we will adjust our procedures accordingly. We ask that during this time, you please remain vigilant and flexible as we try to return to “normal”. Please realize that our entry into Phase III could easilyslide back into Phase II again. Be mentally and physically prepared for that possibility.

- XXXXXXXX (Cadet, Composite, Senior) Squadron will return to full activities and overnight events on XXXXXXXX. The unit may also continue to meetvirtually at XXXXXXXXXXXXXXXX. The unit will also continue its normal meeting time from XXXXXXXXXXXXXXXX. To keep our members safe, the following procedures will be followed by all members until rescinded by the unit commander:

- There will be no restrictions on numbers of members attending outdoor meetings or activities.
- All members attending any activity will be of good health and self-identified as low-risk. Any member having any of the followingsymptoms will not be allowed to attend any activity as per direction of the Wing Commander.
 - Fever (100.4 degrees F or higher)
 - Cough (non-productive) of an unknown origin
 - Shortness of Breath/Difficulty Breathing
 - Chills
 - Repeated shaking with chills
 - Muscle pain

- Headache
 - Sore throat
 - New loss of taste or smell
- Senior executive staff may arrive between XXXXXXXX to have a staff meeting and get information needed for the evening. Members not on senior executive staff should not arrive prior to XXXXXX. Senior Executive Staff should plan on arriving between XXXXXXXX. Upon arrival, all members will have their temperature taken by an assigned health services officer or staff member via a non-contact method (i.e.: infra-red temple thermometer). All temperatures will be documented. Anyone displaying a fever of 100.4 degrees F or more will not be allowed to attend the meeting. All members will be asked to review the medical questionnaire and if any listed symptoms are present they will not be allowed to attend the meeting as per direction of the Wing Commander.

Face mask prevent the spread of droplets through the air. All members will be required to wear face covering/mask while in attendance. For face mask, guidance in CAPR-39-1 should be followed and it does tell us the type and color to wear with the UOD. The CDC provides information on the types that may be commercially purchased (i.e. medical grade surgical/simple mask). Masks will be placed on the member prior to exiting their vehicle upon arrival and will remain on until they have re-entered their car at the end of the meeting or activity. Masks will be conservative in nature, solid colors that complement and respect the United States Air Force uniform

Social distancing guidelines will be followed at all times. Meeting rooms will have chairs spaced 6 feet apart. If this is not possible, classes may be split up so that social distancing can be obtained. All members will maintain six feet separation whether indoors or out of doors. Overnight activities will maintain the following restrictions: sleeping arrangements will place all individuals > 6 feet apart with as much ventilation as possible, eating arrangements will be arranged so that all individuals will be > 6 feet apart, restroom facilities will maintain > 6 feet separation between individuals and with facial coverings when possible.

Prior to any meeting or activity, Senior Executive Staff will sanitize all surfaces of chairs, tables, etc. that members may come in contact with throughout the meeting or activity. This process will be repeated at least 1 time during the course of the meeting or activity and then again prior to leaving the meeting or activity.

Proper hand washing will be encouraged and maintained throughout the meeting or activity. If possible, the unit will provide hand sanitizer for members to use throughout the meeting or activity. If hand sanitizer is not available, members will be encouraged to use the “old fashioned” method of washing with soap and water. Members will wash their hands on a regular basis throughout the meeting or activity. Essentially wash or sanitize hands before the meeting or activity, at the break and after the meeting or activity ends.

Proper hygiene will be used at all times. Members are asked to cover their coughs or sneezes into a tissue or their elbow to help cut down on particulate spread. We understand that we are approaching allergy season and these are sometimes difficult to avoid.

These policies and procedures will go into effect upon the unit’s return to Phase III activities. Given the uncertainty of the pandemic, members who do not wish to return to unit meetings and activities should contact your chain of command to notify them of your absence in this situation. Please include how long the absence is expected to last and we encourage your virtual participation if possible.

- XXXXXXXX Squadron meetings and overnight activities will be conducted as per the guidelines listed in paragraphs 2A and 2B above. In addition, all aviation activities are allowed (assuming all members are low-risk and all flights are in low-risk areas) and there are no more than three households in the aircraft. Food preparation should be done individually as no family style or buffet meals are allowed.

These policies are subject to change based upon additional policies and information given by Oklahoma Wing Headquarters, Civil Air Patrol National Headquarters, or state guidelines. Members will be notified via email of any changes to the above procedures. We thank you in advance for your assistance and cooperation in this matter. Stay safe and healthy.

- XXXXXXXXX Squadron will return to full activities and overnight events on XXXXXX. The unit may also continue to meet virtually at XXXXXXXXXXXXXXXX. The unit will also continue its normal meeting time from XXXXXXXXXXXXX. To keep our members safe, the following procedures willbe followed by all members until rescinded by the unit commander:

- There will be no restrictions on numbers of members attending outdoor meetings or overnight activities.
- All members attending the weekly meetings or activities will be of good health and self-identified as low-risk. Any member having any ofthe following symptoms will not be allowed to attend any activity as per direction of the Wing Commander. Parents are asked to remain at the meeting or activity location until the cadet has passed the below screening process and is checked into the meeting or activity.

- Fever (100.4 degrees F or higher)
- Cough (non-productive) of an unknown origin
- Shortness of Breath/Difficulty Breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

- Cadet staff may arrive between XXXXXXXX to have a staff meeting and get information needed for the evening. Cadets not on Cadet staff should not arrive prior to XXXX. Senior Executive Staff should plan on arriving between XXXXXXXX; all other Seniors may arrive after XXXX. Upon arrival, all members will have their temperature taken by an appointed health services officer or staff member via a non-contact method (i.e.: infra-red temple thermometer). All temperatures will be documented. Anyone displaying a fever of 100.4 degrees F or higher will be instructed that they may not attend the meeting. All members will be asked to review the medical questionnaire and if any listed symptoms are present they will not be allowed to attend the meeting as per direction from the Wing Commander.

Face mask prevent the spread of droplets through the air. All members will be required to wear face covering/mask while in attendance. For face mask, guidance in CAPR-39-1 should be followed and it does tell us the type and color to wear with the UOD. The CDC provides information on the types that may be commercially purchased (i.e. medical grade surgical/simple mask). Masks will be placed on the member prior to exiting their vehicle upon arrival and will remain on until they have re-entered their car that the end of the meeting. Masks will be IAW CAPR 39-1 for the color for various uniforms. It is strongly suggested that cadets bring two face masks to be prepared for the eventuality that one might fail.

Social distancing guidelines will be followed at all times. Meeting rooms will have chairs spaced 6 feet apart. If this is not possible, classes may be split up so that social distancing can be obtained. All members will maintain six feet separation whether indoors or out of doors. Overnight activities will maintain the following restrictions: sleeping arrangements will be arranged so that there is > 6 feet between individuals with as much ventilation as possible, eating arrangements will be arranged so that all individuals will be > 6 feet apart, restroom facilities will maintain > 6 feet separation between individuals and with facial coverings when possible. Conditions and requirements for encampment will be published under separate cover.

Prior to the any meeting or activity, Senior and Cadet Staff will sanitize all surfaces of chairs, tables, etc. that members may come in contact with throughout the meeting or activity. This process will be repeated at least 1 time during the course of the meeting or activity and then again prior to leaving the meeting or activity.

Proper hand washing will be encouraged and maintained throughout the meeting or activity. If possible, the unit will provide hand sanitizer for members to use throughout the meeting or activity. If hand sanitizer is not available, members will be encouraged to use the “old fashioned” method of washing with soap and water. Members will wash their hands on a regular basis throughout the meeting or activity. Essentially wash or sanitize hands before the meeting, at the break and after the meeting or activity ends.

Proper hygiene will be used at all times. Members are asked to cover their coughs or sneezes into a tissue or their elbow to help cut down on particulate spread. We understand that we are approaching allergy season and these are sometimes difficult to avoid.

These policies and procedures will go into effect upon the unit’s return to Phase III activities. Please contact your chain of command to notify them of your absence in the event that you do not wish to attend unit meetings. Please include how long the absence is expected to last and we encourage your virtual participation if possible.

- XXXXXXXXX Squadron meetings and overnight activities will be conducted as per the guidelines listed in paragraphs 2A and 2B as above. In addition, all aviation activities are allowed (assuming all members are low-risk and all flights are in low-risk areas) and there are no more than three households in the aircraft. Food preparation should be done individually as no family style or buffet meals are allowed.

These policies and procedures will go into effect upon the unit's return to full activities and overnight events on XXXXXX. Given the uncertainty of the pandemic, parents who do not wish to have their Cadets return to unit activities should contact the Cadet's chain of command to notify. In addition, parents are also asked to notify the unit commander via email that the Cadet will not be attending. Please include how long the absence is expected to last and encourage virtual participation if possible.

These policies are subject to change based upon additional policies and information given by The Oklahoma Wing, the Civil Air Patrol National Headquarters, or state guidelines. Members will be notified via email of any changes to the above procedures. We thank you in advance for your assistance and cooperation in this matter. Stay safe and healthy.

XXXXXXXXXX, XXXXX, CAP

Squadron Commander

Letter from Wing Commander to Group and Squadron Commanders regarding criteria for allowed activities in Phase III

XX XXX XXXX

MEMORANDUM FOR ALL GROUP AND SQUADRON COMMANDERS

FROM: Col Oliver and the Crisis Management/Re-mobilization Team
SUBJECT: Activities Allowed in PHASE II and Phase III

As a part of the national re-mobilization plan and in an attempt to define and clarify, the below listed are requirements for attendance at an in-person activity or CAP asset use as allowed in the approved NHQ re-mobilization plan for CAWG.

Any member having any of the following symptoms will not be permitted to attend any in-person activity: (1) Fever (100.4 degrees F or higher), (2) Cough (non-productive) of an unknown origin, (3) Shortness of breath or difficulty breathing, (4) Chills or repeated shaking chills, (5) Muscle pains, (6) Headache, (7) Sore throat, (8) New loss of taste or smell.

Aircraft and Vehicles must be sanitized before and after each sortie. See video on sanitation sent to wing on 17 Mar

2020. <https://web.microsoftstream.com/video/8728807d-0e9b-4424-9481-284cdce74385> Seating in vehicles shall be limited to one person per row with masks and outside ventilation if possible (windows and air vents).

Phase II

All activities approved for Phase O and Phase I including outdoor ES training, outdoor Cadet Drill and PT activities.

Partial and Day Long activities with ≤ 50 people in attendance if conducted out of doors. If conducted in doors, meetings and activities will include ≤ 10 people if the county is in the Purple or Red tier (Tier 1 or Tier 2) and ≤ 50 people if the county is in the Orange or Yellow Tier (Tier 3 or Tier 4) of the California Blueprint for a Safer Economy. Training and activities previously approved for Phases 0 and I as well as day-long SAREx activities conducted for training and proficiency are permitted as well as long as they are conducted in accordance with all the above guidelines are. Cadet O-rides, ROTC, JROTC, and TOPS Orientation Rides with the restriction of no more than three households in the aircraft.

Phase III

Full activity in Phase III includes unit meetings and activities held outdoors with no restrictions on numbers of members attending but within the health guidelines listed above and with 6 feet social distancing, facial coverings to be worn at all times, and hand and surface sanitation guidelines to be followed.

Overnight activities with the following guidelines: sleeping arrangements will be set up so that there will be > 6 feet between individuals with as much ventilation as is feasible; eating arrangements will be set up so that there will be > 6 feet between individuals; restroom facilities will accommodate > 6 feet between individuals with facial coverings as much as possible. Further guidelines and restrictions may be put in place for encampment.

These policies may be modified pursuant to guidance from National Headquarters or state or local health department guidelines. We thank you in advance for your assistance and cooperation in this matter. Stay safe and stay healthy.

Col Oliver
Commander
OKWG

Health questionnaire to be used prior to admittance to any CAP activity.

Do you have or have you recently experienced any of the following:

Fever (100.4 degrees F or higher)

Cough (non-productive) of unknown origin Shortness of
breath/Difficulty Breathing Chills

Sore Throat

New loss of Taste or Smell Headache

Been exposed to anyone who has COVID-19 or any of the above symptoms

If the answer to any of the above is positive, you are prohibited from attending this event pursuant to direction from the

California Wing Commander and it is suggested that you discuss these symptoms with your health care provider.

Respectfully,

Col Aaron E Oliver,

Commander Oklahoma Wing
