Post-COVID-19 Remobilization of the Membership Plan

Phase I: Resuming Regularly Scheduled Meetings

PAWG
Completed dd MMM 2020

Template Updated 12 May 2020
COVID-19 Remobilization of the Membership Plan – Phase I

This plan has been developed for ____Pennsylvania__ Wing, using the template provided by the Civil Air Patrol National Headquarters to enter Phase I, Resuming Regularly Scheduled Meetings.

Additional staffing and resources have been coordinated with __N/A__, to cover gaps in this wing’s available resources.

**NOTE:** Deviations from the template are authorized, but should be coordinated by contacting the COVID-19 Planning Team at COVID-19Plans@capnhq.gov.

Plan Coordinator and Point of Contact: __Lt Col William Schlosser__

Primary Phone: (570) 404 - 0810

Primary Email: wschlosser@pawg.cap.gov

Narrative Summary of Coordination and Events To-Date in __PA__ Wing:

Pennsylvania Wing is a large and diversely populated state. The Commonwealth has applied a Traffic Light Protocol by county across the state using the metrics of infection rate, hospital capacity, and various other metrics. County level data can be found at the Pennsylvania Department of Health at [health.pa.gov](http://health.pa.gov). Across the board, the PA Department of Health regulations are more restrictive than CAP and the CDC. PA Wing would apply the same phasing across phase 0,1,2,3 as the county is Red, Yellow, or Green. Virus activity across the Commonwealth is slowing and PA Wing would like to apply for Phase 1 status for the counties that are Yellow or Green. Counties that are Red are subject to a stay at home order and will remain in Phase 0. We anticipate Phase 1 status for Yellow and Green states to begin on or after 10 JUN 2020 with the entire state moving to Phase 1 on 15 JUN 2020. PAWG has already postponed indefinitely the summer Combined Cadet Training Schools, Annual Conference, and moved other required trainings online.

MEMORANDUM FOR CAP/NHQ

FROM: PAWG/DO

SUBJECT: PAWG Remobilization Phase 1 Operations Guidance

1. In order to facilitate a safe and effective resumption of PA Wing Operations activities, PAWG will adhere to the guidance and restrictions as defined by CAP NHQ. Phase 1 guidance includes the following:

   a. Face coverings, aviation gloves will be worn and plane will be disinfected between sorties. This includes flight evaluations/check rides, crew proficiency, dual instruction (assuming all members are low-risk and all flight operations are in low-risk areas).

   b. Essential missions and meetings shall employ full public health protection measures such as: hygiene education, having hand sanitizer available, performing routine hand washing breaks, daily cleaning of individual workspace cleaning, wearing of cloth face coverings, social distancing, temperature checks, and asking members if they feel well before entering a meeting/mission.

   c. Monitoring members health status during meetings or missions through routine no-touch temperature checks and asking if members feel well.

   d. POV use will be maximized and CAP COV use will be limited to one driver unless all passengers are of the same family unit. CAP COVs may be utilized primary for cargo purposes with POVs serving as primary means of personnel transportation to aid in maintaining social distancing.

   e. One CAP Mission Pilot (MP) or Transport Mission Pilot (TMP) is the minimum aircrew. Crews of two to three qualified aircrew personnel or supervised trainees are authorized for maximum effectiveness when necessary. CAP eServices Operations Qualifications shall be the primary method for checking crew qualifications. The PIC shall fly from the left seat and is the ultimate authority in mission/crew management. Aircraft will be flown with the minimum number of crew necessary for mission accomplishment.

2. While in this phase, only approved life-saving missions or those in support of COVID-19 response will continue to be executed. Cadet training and orientation flights will also remain suspended as well as routine proficiency and Emergency Services training with the exception of flights used to maintain aircraft operational readiness in accordance with Aircraft Engine Preservation Flights during COVID-19 Limited Operations memo dated 21 April 2020. Critical
maintenance sorties, Air Force Intercept Missions, real world mission support and other necessary flying as previously outlined remains authorized.

3. Any questions can be addressed to the PAWG Emergency Operations Center at 717-685-5099 or eoc@pawg.cap.gov.

//signed/cp/20200617//

CHRISTOPHER PORTER, Maj, CAP
Director of Operations
MEMORANDUM FOR CIVIL AIR PATROL COVID-19 PLANNING TEAM
PENNSYLVANIA WING COMMAND STAFF

FROM: PAWG/CP

SUBJECT: Cadet Program Considerations in Phase 1 Remobilization Application

1. Existing orders by the CAP/CC has cancelled all in-person activities (except AFAM and real-world missions) until 30 June 2020. In states/locales where there is a low transmission rate CAP/NHQ has authorized an application process for squadrons to begin meeting again before the above mentioned date.
   a. An approved application for remobilization is not a requirement to start meeting again in person, but rather the authorization to do so where practical and safe.
   b. State and local governments must also not have prohibitions in place that would prevent meeting as well as the owners of any meeting location (ie. municipal authority, National Guard, etc.)

2. When in person meetings are again authorized, under Phase I of the remobilization plan the following criteria below will be followed:
   a. Meetings must be 10 individuals or less
   b. An attendance log must be kept and saved for future review
   c. Frequent handwashing, use of hand sanitizer, and use of surface disinfectant must be used during the activity.
   d. Face coverings must be worn at all times unless a medical condition precludes the use of a face covering.

3. An authorization to meet under Phase I of the remobilization plan is not an authorization to resume normal squadron operations even if the meeting would be under 10 members and it does not include overnight or weekend activities even if social distancing could be maintained.
   a. In Pennsylvania Wing, when authorized, in-person meetings should be limited to meetings for executive leadership (senior/cadet command staff and any applicable officers as needed) for planning purposes.
      i. In future phases, additional cadets and seniors can be phased into the meetings using additional guidance to be provided when moving into these phases.
   b. Meetings with the unit as a whole should still be conducted via digital means such as Zoom, Google Meet, or other video conferencing platform.
i. It is important during this phase to continue to develop creative ways for cadets to participate in virtual activities and meetings. Units and groups can work together to create this programming and are encouraged to reach out to the PAWG/CP and the PAWG CAC (through appropriate channels) for additional assistance as needed.

4. In the effort of keeping cadets engaged during the phased remobilization, local leaders are reminded of the following accommodations and waivers in place during the COVID-19 response:
   a. Waivers for Mitchell and Eaker Award Requirements Due to COVID-19
   b. ICL to CAPR 60-1
   c. Waiver Letter covering accommodations for cadet learning and promotion systems
   d. Milestone Testing Instructions/Accommodations for COVID-19
   e. Curry Uniform Waiver Letter

5. During Phase I of the remobilization plan, local unit leaders are strongly encouraged to plan for future movement into Phase II of the remobilization plan which will include programming allowed under Phase I but will add the following items:
   a. Additional members being allowed at meetings
   b. Drill to be held at double-arm intervals
   c. Social distancing to be maintained (outdoor meeting locations encouraged for this reason)
   d. O-Rides to include wearing of face masks and proper aircraft sanitization
      i. This would also include ensuring proper scheduling of flights so that social distancing would be maintained on the ground wherever possible.

6. As federal, state, and local authorities as well as CAP/NHQ publish additional guidance, PAWG’s approach to cadet programming will be evaluated.

7. PAWG/CP would like to commend all local leaders for their unwavering dedication to the cadets of Pennsylvania Wing. The last few months have been unprecedented and extremely challenging, but it is through this leadership that units will continue to prosper today, tomorrow and to the future beyond!

8. Any questions regarding information contained in this memo can be directed to Maj Brandon Weber, PAWG/CP at bweber@pawg.cap.gov or by phone at 814-720-6260.

BRANDON M WEBER, Major, CAP
Director of Cadet Programs
Pennsylvania Wing Civil Air Patrol
MEMORANDUM FOR PA Wing Squadron Commanders

FROM: PAWG/CP

SUBJECT: Bullet Points for use in Parent Communication

1. The safety of our membership is paramount
   a. All applicable CDC and government protocols are being met and/or exceeded in preparation of a full mobilization.
      i. This includes social distancing, limiting the number of personnel at a meeting, hand washing/sanitization, surface disinfection, wearing masks, etc.
   b. Initial in-person meetings are to have no more than 10 people in this first phase
      i. This is intended for squadron leadership to meet in-person and plan/make accommodations for a safe return to regular meetings under future remobilization phases.

2. The remobilization process is fluid and the wing can progress or regress depending on the progression of COVID-19 within the Wing.
   a. The PAWG Remobilization Planning Committee is closely monitoring the situation and will keep everyone informed of any developments.

3. It is understandable that some cadets/parents of cadets will feel uncomfortable returning in-person at this time and their attendance is NOT required.
   a. The CAP National Commander waived the requirement for active participation for promotion until further notice.
   b. Numerous waiver letters and supplements to Cadet Programs regulations have been issued to allow a cadet to progress and promote during these times and they can all be found on the NHQ Cadet Programs Coronavirus webpage

BRANDON M WEBER, Major, CAP
Director of Cadet Programs
Pennsylvania Wing Civil Air Patrol
Verification of Restrictions by Local Municipality or Place of Meeting

This form is mandatory prior to restarting in person meetings. Please check with the local municipality to see if there are any restrictions greater than your county on meeting attendance or public health measures. In addition, please check with the property owners of the location that you meet to determine if they have additional requirements.

* Required

1. Unit Charter Number *
   For example unit charter number NER-PA-123 would only be 123

2. Unit Name *

3. Person submitting verification full name *
   Commander preferred

4. Local Municipality Meeting Restrictions or Public Health Measures *
   Commander preferred

   * Mark only one oval.

   [ ] I verify that my local municipality has no additional restrictions besides those outlined in the Red, Yellow, Green phases.  *Skip to question 6*

   [ ] My local municipality has additional restrictions  *Skip to question 5*

Meeting Place Restrictions

7. What additional meeting or public health restrictions are required by your meeting place?

   
   
   
   
   

This content is neither created nor endorsed by Google.
WEAR YOUR FACE COVERING CORRECTLY

- Wash your hands before putting on your face covering
- Put it over your nose and mouth and secure it under your chin
- Try to fit it snugly against the sides of your face
- Make sure you can breathe easily
- Do not place a mask on a child younger than 2

USE THE FACE COVERING TO HELP PROTECT OTHERS

- Wear a face covering to help protect others in case you’re infected but don’t have symptoms
- Keep the covering on your face the entire time you’re in public
- Don’t put the covering around your neck or up on your forehead
- Don’t touch the face covering, and, if you do, clean your hands

FOLLOW EVERYDAY HEALTH HABITS

- Stay at least 6 feet away from others
- Avoid contact with people who are sick
- Wash your hands often, with soap and water, for at least 20 seconds each time
- Use hand sanitizer if soap and water are not available

TAKE OFF YOUR CLOTH FACE COVERING CAREFULLY, WHEN YOU’RE HOME

- Untie the strings behind your head or stretch the ear loops
- Handle only by the ear loops or ties
- Fold outside corners together
- Place covering in the washing machine
- Wash your hands with soap and water

Cloth face coverings are not surgical masks or N-95 respirators, both of which should be saved for health care workers and other medical first responders.

For instructions on making a cloth face covering, see: cdc.gov/coronavirus
Hands that look clean can still have icky germs!

Wash Your Hands!

1. Wet
2. Get Soap
3. Scrub
4. Rinse
5. Dry

This material was developed by CDC. The Life is Better with Clean Hands campaign is made possible by a partnership between the CDC Foundation, GOJO, and Staples. HHS/CDC does not endorse commercial products, services, or companies.
Stay at least 6 feet (about 2 arms’ length) from other people.

Cover your cough or sneeze with a tissue, then throw the tissue in the trash and wash your hands.

When in public, wear a cloth face covering over your nose and mouth.

Do not touch your eyes, nose, and mouth.

Clean and disinfect frequently touched objects and surfaces.

Stay home when you are sick, except to get medical care.

Wash your hands often with soap and water for at least 20 seconds.

cdc.gov/coronavirus
COVID 19 Risk Categories

PER CAP HQ MEMBERS ARE ONLY ALLOWED TO ATTEND IN PERSON EVENTS IF THEY ARE CONSIDERED LOW RISK BY THE CDC.

What Risk category am I?

• LOW RISK:
  • Less than 65 years old
  • Do not have any of the conditions listed under high risk
  • Have not had contact with anyone sick or diagnosed with COVID-19 in the last 14 days.

• HIGH RISK
  • Older than 65 years old
  • Asthma
  • Diabetes
  • Heart Condition
  • On Dialysis
  • Immunocompromised
  • Liver disease
  • Obesity (BMI > 40)
  • Exposed to someone sick or with COVID in the last 14 days.
FEVER SCREENING

- A FEVER IS A TEMPERATURE OVER 100.4

- WHY DO PEOPLE RUN FEVERS?
  
  - RAISING YOUR INTERNAL TEMPERATURE IS ONE WAY THAT YOUR BODY FIGHTS OFF INVADERS. THE INCREASED TEMPERATURE MAKES IT HARDER FOR BACTERIA AND VIRUSES TO REPLICATE.

- HOW DO I CHECK TO SEE IF I HAVE A FEVER?
  
  - YOU CAN USE THE THERMOMETER YOU HAVE AT HOME TO CHECK YOUR TEMPERATURE EITHER BY MOUTH, FOREHEAD OR EAR.

  IF YOU HAVE A FEVER USE YOUR CHAIN OF COMMAND TO LET YOUR CADET CADRE KNOW AND STAY HOME!

SIGNS AND SYMPTOMS:

CHILLS, SWEATS, BODY ACHEs
Hand Sanitizer Use

• Use an alcohol based hand sanitizer that contains at least 60% alcohol.

• To apply: Use enough product to cover all surfaces.

Rub hands together for at least 20 seconds until dry. Do not wipe off excess or rinse hands while still wet.
What does Social Distancing mean?

Social distancing is maintaining at least 6 feet between non family members to decrease the risk of transmission of COVID-19.

Avoid unnecessary contact with other people.

If you are within 6 feet of other people or indoors please wear a mask that covers your mouth and nose at all times.
