Narrative Summary of Coordination and Events To-Date in PA Wing:

Pennsylvania Wing has been working diligently over the past few months to stop the spread of COVID. All units have been given virtual tools to enhance virtual meetings to encourage participation. All operations have been in conjunction with the remobilization team, National Headquarters, and the appropriate Commonwealth department. All plans have been vetted through the Pennsylvania Department of Health and CAP Remobilization team.

The status of COVID 19 in the Commonwealth is steadily improving. Our current tri color phase is Green for the entire Commonwealth. In addition the Commonwealth has introduced a "Forecasting tool" by county to assist public health officials in making Commonwealth level agency decisions. These tools have helped keep viral infections from increasing in areas that started to see increases.

Note: All squadrons have fully complied with Phase 1 plans. Any county that shifts to a yellow or red phase will be moved to CAP Phase 1 or 2 respectively.

SUBJECT: Cadet Programs Considerations in Phase 2 Remobilization Application

1. The safety of our membership is paramount
 - a. All applicable CDC and government protocols are being met and/or exceeded in preparation of a full mobilization.
 - i. This includes social distancing, limiting the number of personnel at a meeting, hand washing/sanitization, surface disinfection, wearing masks, etc.
 - b. Initial in-person meetings are to have no more than 25/50 people in this second phase
 - i. Any classroom/indoor training or activity will not exceed 25/50 persons or 50% capacity – whichever is smaller. 25 is the limit for counties in PA “yellow” status, 50 for counties in “green” status.
 - c. At in-person meetings all social distancing requirements must be met.
 - i. Masks must be worn at all times possible and members must maintain six foot distancing from another person at all times possible.
 - d. Meetings indoors must comply with Pennsylvania Governor and Department of Health regulations. Currently capped at 25. If this is lifted, then the 50 person meeting can commence.
2. The remobilization process is fluid and the wing can progress or regress depending on the progression of COVID-19 within the Wing.
 - a. The PAWG Remobilization Planning Committee is closely monitoring the situation and will keep everyone informed of any developments.
3. It is understandable that some cadets/parents of cadets will feel uncomfortable returning in-person at this time and their attendance is NOT required.
 - a. The CAP National Commander waived the requirement for active participation for promotion until further notice.

- b. Numerous waiver letters and supplements to Cadet Programs regulations have been issued to allow a cadet to progress and promote during these times and they can all be found on the [NHQ Cadet Programs Coronavirus webpage](#)
4. High risk members are still being requested to stay at home at this time.
5. If there are any questions as to allowable activities or modifications for regular meetings, please contact Maj Weber, PAWG/CP.
