

***Sample e-mail from Wing DAE to AEMs in the Wing:***

Dear Aerospace Education Members in (state):

If you teach grades 5-8 in a Title I school, or any school with students who could benefit from the mentorship of CAP adults and cadets, we hope that you will consider joining [CAP's Adopt-a-Classroom program](#).

To be eligible, the teacher must be a CAP member, and teach any grades 5-8, and register for the foundational program, the [Aerospace Connections in Education \(ACE\) program](#).

CAP selected grade 6 as the target grade, but will also accept grades 5, 7, or 8, as well.

Read the [Teachers' Informational Flier](#) and let me know if you desire to have your students "adopted" by a local CAP squadron this year. If so, I will work to help connect you with the closest CAP squadron to your school.

Thanks for all you do, and please let me know if I can be of further assistance to you in any of CAP's free aerospace-related STEM products and programs, as are described on the [Educators Page](#).

Thank you,
