

Donate Your Property to Support Civil Air Patrol

You may receive a tax benefit!*

Volunteers serving America's communities, saving lives, and shaping futures.

Donate your property to Civil Air Patrol! Civil Air Patrol is the only non-profit in the United States that combines search and rescue, emergency response, youth character and leadership development, and aerospace and cyber education while advancing the preservation and extension of universal, American values. 95% of our cadets feel it is essential for them to help our country.

Our program takes any property type (land, homes, commercial) in any location so long as there is equity. If you have a real estate asset that is costing you money or not being utilized, donating it is a great way to give back. You may even claim a significant tax deduction!*
